

NOVEMBER 2018

Meditech Quality Journal

Welcome to your complimentary monthly newsletter to help you stay current on the most important news in our industry in less than 15 minutes. My goal is to not just provide information, but to help you better understand the latest trends.

I hope you enjoy, and please let me know if there are future topics you would like discussed by [contacting me here](#).

– Naveen Agarwal, Ph.D

FEATURE ARTICLE

A Strong Post-Market Surveillance Enables a Strong Risk Management System

The concept of risk-management is not new to Medical Device companies. The challenge, however is to consistently apply risk-management principles throughout the product lifecycle.

The question: What is the key to building a strong risk-management system?

INDUSTRY NEWS

Major Clinical Study Aims to Improve Patient Experience & Outcome of Joint Replacement Surgery

Zimmer Biomet has just announced a large clinical trial to test their mymobility™ app working with the Apple Watch® to see if it can be a viable alternative to the current standard of care after hip and knee replacement surgery.

The question: Can you use a smartphone app to improve patient experience and outcome of hip and knee replacement surgery?

REGULATORY NEWS

FDA is Using the Least Burdensome Approach. Are You?

Achieving and sustaining Regulatory Compliance is a huge resource drain for Medical Device companies. The FDA is now renewing its focus on a least burdensome approach to all regulatory activities.

The question: How can you refocus your resources on the most value-added activities?
